Talking time

- Paul, Timothy and Epaphroditus (pronounced e-paf-row-die-tus) were good friends and servants of Christ.
- Timothy showed real concern for other people and put others first and Epaphroditus almost died for the work of Christ.
- It's not enough to just think about others we actually have to **do** things that put others first. Talk to your children about how can we think of others and put them first?
- Why do we find it hard to put others first? What things get in the way of putting God first?

Family challenge

- Write down three people whom you love, trust, and deeply care for. They should be people that love, live, and care for you, too.
- Think about why you picked each person?
- Draw a picture, write a letter to or design a thank you card for each person you picked telling them 3 things you love about them and pick a bible verse for them.

Worship song

- Paul, Timothy and Epaphroditus were good friends serving God.
- Did you know Jesus wants to be our best friend?
- Let's sing about his love now

Hillsong kids: My best friend

Prayer

- Get everyone in your house to line up beside each other - youngest to oldest.
- Turn to the person beside you and pray that God would help us to think of others and put them first this coming week.

Timothy was a young man who helped tell others about Jesus.
