Memory Verse

Rearrange the verse...

- Divide yourselves into two teams.
- Write out the memory verse on a large page for each team.
- Write it out again but cut this one up.
- Place the individual words on top of the other memory verse only mixed up.
- Each 'team' must run to the page, rearrange one word then run back – take it in turns to rearrange one word at a time. First team to put it in the correct order wins.
